Response to Arguments

1. Applicant's arguments, see Remarks, filed 4/12/2007, with respect to claims 1-36 have been fully considered and are persuasive. The 103 rejections of claims 1-36 has been withdrawn.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance: Claims 1-36 are allowable over prior art references because related references do not disclose determining a correlation between a first signal and second signal to facilitate reducing downtime of a computer system, wherein the signals are related to computer system performance parameters, performing alignment adjustment to the second signal and determining correlation with the alignment adjustment, wherein if the correlation is greater with the alignment adjustment, adjusting the alignment of the second signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2611
